

# UGC gigs and startup pitches: what to do first

Consolidated 4 October 2026 | UK-focused | Research only

Start with **GenieAI**, **TapLab** and **Ryze AI**, then The UGC Agency and Nonsensical. These are the strongest mix of relevant paid work, useful portfolio feedback and low audience dependence. Try a few good matches before spending hours on affiliate programmes or free-product rosters. Nothing has been applied to, signed up for or sent.

## Deadlines first

- **LilysAI: Thursday 8 October 2026 is UNCONFIRMED.** The older guide gives that deadline, results on 9 October and orientation on 12 October. Today's official form fetch shows no deadline. Confirm the cohort before treating it as urgent. The form says a \$750 quarterly prize; the guide reports a \$700 landing-page figure. Neither is a stipend. [Form](#).
- **Triplespeed: Monday 19 October 2026 listing expiry, US applicants only.** Current Backstage structured data says valid through 00:00 UTC on that date, not the end of that day. Not a UK application priority. [Listing](#).
- **AI Cal: Saturday 31 October 2026 displayed deadline.** Verified in the supplied current-page audit; timezone/closing hour unknown. Health/fitness fit and follower rules conflict. [Listing](#).
- **BitCraft closes at capacity**, no fixed date verified. [Programme notice](#).
- **AAIF:** rolling applications with June/January cohorts. The guide interprets the next intake as January 2027, but the audit verifies the pattern, not a specific 2027 selection date. [Programme](#).
- **Do not rely on closed/broken routes:** Jem's specific campaign says closed despite contradictory badges; Outflits' cited form is missing; Atlas Cloud's cited page is a 404. Skinity redirects to Le Célaire with inconsistent branding, so the application identity remains unverified.

## Coverage and ranking

**135 distinct opportunities, not 140 or 200.** The archive's "all 140" title disagrees with its actual numbered entries. Eight excerpt files were placeholders; their full original research reports were recovered. The duplicate 1-53 report was counted once. No missing programmes were invented.

Page/form checks were carried out on 4 October. Leading paid routes and LilysAI/Triplespeed were rechecked during consolidation. A page loading does not prove legitimacy, personal eligibility, acceptance or a paid offer. Exact questions are preserved only where visible; hidden questions and implied steps remain unknown. A landing page is provided when no distinct form URL could be exposed.

Ranking is a judgment based on UK relevance, AI/tech fit, cash rather than perks, audience dependence, friction and workload. No acceptance probabilities are claimed. Age is not inferred: under-18 and 18+ routes remain included with known limits. Impressions do not replace follower thresholds. Use current analytics and genuine samples; the archive's personal statistics are not authenticated here and have not been pasted into applications.

**All time estimates are planning estimates**, not provider promises. They cover preparing an application with links/details ready, not approval or later production. Phone suitability is assessed from the route, not tested on your device. "Remote queue" means no travel requirement was found, not confirmed UK eligibility. None is automatically claimable cash.

| 12   | Vidovo         | Second marketplace after a sample portfolio exists                   | 10-20 min   |
| 13   | Collabstr      | YouTube/UGC supported; no guaranteed inbound work                    | 10-20 min   |
| 14   | Twirl          | Portfolio-based paid-work route; priorities/waitlisting reduce speed | 10-20 min   |
| 15   | ThetaWave      | YouTube Shorts and under-1K option; check student/workload fit       | 10-20 min   |

## Prepare once

Use one portfolio link containing a real talking-head clip, a genuine AI-tool screen demo and a short product explanation. Label unpaid mock work "spec sample - not sponsored". Do not present AI-generated people or app screens as real paid client work. Put current channel links and analytics beside samples.

Before accepting work, agree base pay, payout date, revision limit, usage period, paid-ad rights, exclusivity and cancellation. Ask whether a test is paid. Affiliate commission, gifts, software access and competition prizes are not guaranteed UGC fees. Voice/face-clone work needs clear likeness-use and deletion terms. Finance/trading promotion needs a separate UK compliance check before publishing.

## Remote application and pitch queue

No in-person attendance requirement was established for this queue. UK acceptance, product delivery and contract details can still be unresolved. Questions below are exact visible wording or clearly labelled descriptions, not a complete questionnaire where gates remain.

Official help article (updated 26 March 2026) with apply instructions and channel advice: [support.any.do / source](http://support.any.do / source) . Help also describes form: [support.any.do / source](http://support.any.do / source) (search surfaced this shorter current slug). The page CTA says "Start your application"; live fetch page itself also displayed "Continue with Google Secured log-in," but not the destination form. Apply details are handled through FirstPromoter; full input questions currently hidden.
- Exact questions: not publicly exposed. Official help advises include "your main channels, your audience type, and a short example of how you plan to recommend Any.do in your content or community"; this is advice, not exact field wording. App/login gate likely in FirstPromoter; no account created.

Page states up to 50% recurring commissions and "Already have an account? Sign In". Official how-to: [help.taskade.com / source](https://help.taskade.com/source) . Help says go to partner portal, create new affiliate account; public page does not expose account fields, possibly JS/login gated.
- Exact application questions/fields: none visible from public page. Guide/help say create affiliate account; no exact visible field prompts. Payout data comes only later in authenticated My Payouts, do not confuse it with signup.
- Social: help says share referral link on social media, friends, clients, "or wherever you find it appropriate"; social posting is accepted broadly, but no named required accounts. YouTube and LinkedIn not explicitly named.

In excerpt, the visible email placeholder was "you@example.com" plus text box exact prompt: "Who are you, where does your audience find you, and why is InTheMoment a fit for them? Include links." I could not re-confirm exact input labels/placeholders through current fetch (dynamic form not rendered), so mark the placeholder and prompt as excerpt-sourced, page confirms two-field design.
- Social: no platforms named in page or terms; prompt requests where audience finds you and links. Neither YouTube nor LinkedIn specifically confirmed, but field is open-ended.
- Alternate: official terms/current contact hello@inthemoment.app; creator terms [inthemoment.app / source](https://inthemoment.app/source) . Terms say join by signing in and agreeing to terms in dashboard, suggesting account needed after application; page itself gives public two-field form. No evidence of dead programme.

After continuing past its welcome screen, the next visible required question is "Please provide your last name." It does not expose all six questions without answering those personal-data fields; I stopped there. The public program page only says to tell them about yourself and your work.
- **Social accounts:** No social platform named as an application prerequisite. The public description says accepted partners promote Moises on "social media" and tag Moises. TikTok/Instagram/YouTube/LinkedIn acceptance cannot be confirmed from public application details; the form questions past the first two remain unknown.

Page says apply, but I could not activate its CTA or expose an application form from page controls.
- **Form questions:** No form exposed/verified. LinkedIn and YouTube are explicitly named qualifying channels on the page.
- **Other route:** Page footer has general hello@georion.app. Supplied excerpt separately gave ambassadors@georion.app, but that address was not visible on the live programme page and I did not use/contact it. No verified dedicated application email found.

## 92. HackerRank Creator

Secondary route: check niche, actual workload and eligibility.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.
- **Phone:** Application can start on a phone; design/code/portfolio prep is better on a computer.
- **Pay/value:** Older-guide claim, NOT independently rechecked here: \$15/hr, only 10 spots, 2 posts/week. **10k+ LinkedIn/X followers**, active tech creator. P's 1k misses floor; age/geo unstated.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- URL (loads): [www.hackerrank.com / source](https://www.hackerrank.com/source)
- Form labels visible verbatim: "Tell us about yourself"; "*Your primary social media profile*"; "Sample post\*". The current fetched HTML shows those labels/headings, not the detailed inputs/options. Supplied excerpt reports First name, Last name, Email; LinkedIn or X; Profile URL; Follower count (in number); sample-post upload, but these input details were not rendered in the current page check, so unverified as current exact labels.
- Socials: explicitly LinkedIn or X, with 10k+ followers. LinkedIn: yes; YouTube: no/not listed.
- Alternative: no other route shown; application is on the program page. Page says only 10 spots.

## 93. Lovable Creator Program

Secondary route: check niche, actual workload and eligibility.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.
- **Phone:** Possible on a phone; login/JS/form access unresolved. A computer may be needed.
- **Pay/value:** Older-guide claim, NOT independently rechecked here: 3 months Pro/100 monthly Pro credits, no required posts; not cash, reapply for renewal. Owned/active/public **single account 10k followers**, newsletters count, can't combine. P's 1k misses floor; age/geo details unconfirmed.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- URL (loads): [creators.lovable.app / source](https://creators.lovable.app/source)
- Public page calls it a "short form about you and your work" and has "Apply here" links, but no exact form questions/fields are exposed in page text. Page shows "Login" in header; cannot tell from public rendering whether applying itself requires account creation or whether the form is external.
- Socials: requires at least one account, newsletters included, owned/actively updated by applicant, public, with 10,000+ followers on a single account. It does not name accepted platforms. LinkedIn and YouTube: neither explicitly confirmed nor excluded; they may fit the generic wording but remain unverified.

- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- URL (loads): [www.notion.so / source](http://www.notion.so/source)

(Please write out the full number, e.g., 10500, not 10.5K); "What are your average views per post? (Please write out the full number, e.g., 5000, not 5K)". No other questions rendered.
- Socials: asks for primary social media profile, without limiting platform in visible text. LinkedIn/YouTube: not named, but no exclusion shown; acceptance not explicitly confirmed. Criteria shown: 10,000+ total followers and 5,000+ average views/post.
- Alternative: none shown; application is on the page. Remaining form/button fields are not in fetched page content.

Geo unstated.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- URL (loads): [filterpixel.com / source](http://filterpixel.com/source)
- Page says "Fill out the form below, and we'll get in touch with you soon." No form or labels are present in fetched page output, despite the prompt; fields/questions cannot be verified from public text. Supplied excerpt's implied fields are not confirmed.
- Socials: program explicitly names Instagram, TikTok, or YouTube for 5k+; YouTube: yes; LinkedIn: no/not listed. Also invites industry leaders (workshops, podcasts, conferences, awards) as another route.
- Alternative: embedded form is the stated route; page footer links Contact Us, but it is not presented as a separate ambassador application route. Terms URL also loads: [filterpixel.com / source](http://filterpixel.com/source)

- **Source:** official page above, live form inspection.

- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current URL:** [creators.cdprojektred.com / source](http://creators.cdprojektred.com/source) loads the registration-page shell, but fetch shows no sign-up inputs or application questions. It is an account-creation route, not the application itself. Official programme page: [creators.cdprojektred.com / source](http://creators.cdprojektred.com/source)
- **Questions:** No application questions visible before account registration. Official programme says APPLY asks for information about creator and content. Current terms say applicant needs an active CD PROJEKT RED account; eligibility thresholds: at least 3,000 average video views (90 days), 15 average concurrent stream viewers (90 days), or 5,000 combined social followers. The terms are current 2026 PDF: [common.cdn.cdpr.app / source](http://common.cdn.cdpr.app/source)
- **Social accounts:** YouTube counts for the video-view criterion; streaming channels count for stream-viewer criterion; combined followers on social platforms count. The official materials do not enumerate a platform list. LinkedIn: not explicitly specified as an eligible channel, so do not assume it counts toward the combined threshold. Site says application is reviewed against media channels declared in application.
- **Alternative route:** No alternate application or creator-specific email route found. Official page says media can use the Press Center for updates, not applications. FAQ states future application waves continue after initial wave close.

## 101. Dead by Daylight Creator Program

Secondary route: check niche, actual workload and eligibility.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.

- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Official programme page (loads):** [deadbydaylight.com](https://deadbydaylight.com) / [source](#)
- **Application URL in excerpt:** [www.nexus.gg](https://www.nexus.gg) / [source](#) loads a "Nexus Invite" title but no form content via fetch. This is not enough evidence to call it DEAD: the official DBD programme page remains live and points to "Request to Join the Creator Program," but fetch did not expose that link's destination. Applications require connecting accounts; no account created.
- **Questions:** No application questions were visible at the Nexus URL. Official page says accounts must be connected to verify eligibility and channels/content are vetted.
- **Social accounts:** Official current page explicitly names Twitch and YouTube and accepts TikTok content; eligibility for Gold: Twitch 25 CCV over 90 days plus 3 DBD streams; YouTube 1,000 average views over 90 days plus 2 DBD videos. The 10,000-follower Iridescent tier lists Twitch, YouTube, TikTok, Instagram and X. YouTube: yes. LinkedIn: not in listed platform set, not indicated as accepted.
- **Alternative route:** Official page directly lists [dbd.influencer@bhvr.com](mailto:dbd.influencer@bhvr.com) for the Influencer Team. Source: [deadbydaylight.com](https://deadbydaylight.com) / [source](#) (current text; older update post has changed/older threshold figures and should not override current page).

## 102. EA Support a Creator

Secondary route: check niche, actual workload and eligibility.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.
- **Phone:** Possible on a phone; login/JS/form access unresolved. A computer may be needed.
- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current application URL:** [www.ea.com](https://www.ea.com) / [application](#) loads the EA Support-a-Creator shell, but fetch only sees a loading indicator and no questions. Do not mark dead. Official overview: [www.ea.com](https://www.ea.com) / [source](#) ; FAQ: [www.ea.com](https://www.ea.com) / [source](#)
- **Questions/visible fields:** none publicly exposed by the application-start shell. EA says applicant must be 18+ and have an EA account. FAQ says submit the form with "relevant details"; no question wording found.
- **Social accounts:** EA says relevant online presence and gives website, blog, or social-media channels as examples; does not name required platforms or state a connection step. YouTube: not specifically named, but plausibly fits "social media channels"; exact acceptance not confirmed by EA's public wording. LinkedIn: not named and not explicitly confirmed. Account requirement is EA account, not a named social account.

- **Alternative route:** No public direct email or alternate form for this programme found. EA overview/FAQ pages are informational only.

## 103. UnGodly Creator Program

Secondary route: check niche, actual workload and eligibility.

- **Time estimate:** 10-20 min.
- **Phone:** Likely doable on a phone with files/links ready; not device-tested.
- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current signup URL (loads):** [ungodlygame.com](https://ungodlygame.com) / [source](#)
- **Visible question wording:** "Which platforms do you primarily create content for?" Form fetch also renders "Please enter a number greater than or equal to 1." This appears to be a numeric field validation message, not its question label; rest of fields/platform options were not visible in fetch.
- **Social accounts:** Requirements page says one active public channel on at least one "supported platform"; no list of supported platforms exposed. It explicitly welcomes streamers, YouTubers, artists and cosplayers. YouTube: creator format explicitly welcomed, therefore yes as a content type/platform. LinkedIn: no evidence it is supported; not named. Requirements/benefits: [ungodlygame.com](https://ungodlygame.com) / [source](#)
- **Alternative route:** FAQ says creators can apply via the website signup and team contacts selected applicants by email; no separate direct creator email/contact route found. FAQ: [ungodlygame.com](https://ungodlygame.com) / [source](#)

Secondary route: check niche, actual workload and eligibility.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.
- **Phone:** Likely doable on a phone with files/links ready; not device-tested.
- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.

- **Visible fields/questions, verbatim:** "First/Last Name"; "Email Address"; "Channel Name"; "Channel Link"; "Primary Platform" (Youtube, Twitch, Other); "Subscriber/Follower Count"; "Average Views"; "What genres do you play on your channel?"; "Interests"; "What Stardock games have you played?"; "What is your favorite game right now?"; "Anything else you would like us to know?"; Submit. Page says confirm through email.
- **Social accounts:** YouTube is explicitly an option; LinkedIn has no dedicated choice but could be entered as "Other" with channel link. Whether LinkedIn is considered suitable is not specified. Twitch explicitly listed.
- **Alternative route:** No alternate application/contact route surfaced; programme overview links to this online application. Overview: [www.stardock.com](https://www.stardock.com) / [source](#)

- **Time estimate:** 10-20 min.
- **Phone:** Likely doable on a phone with files/links ready; not device-tested.
- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current form URL (loads):** [forms.gle / application](https://forms.gle/application)
- **Visible questions, verbatim:** "What is the primary platform where you create content?"; "Please select all social media or content platforms you actively use."; "What is the approximate total follower/subscriber count across all your platforms?"; "Please provide a short description of why you want to join the BitCraft Partner Program and what you envision creating."; "Date of Birth (To confirm eligibility/age requirement)".
- **Social accounts:** The form asks for all social/content platforms, but the option choices were not present in the text rendering. Thus it does not let us confirm explicitly whether LinkedIn or YouTube is among selectable values. YouTube is likely relevant but not safe to promise; LinkedIn likewise unknown. Report as choices not exposed, not absent.
- **Alternative route:** Official contact page distinguishes [partnership@bitcraftonline.com](mailto:partnership@bitcraftonline.com) and [pr@bitcraftonline.com](mailto:pr@bitcraftonline.com) (Press & Content Creators); official Sept. 30, 2026 news post says application is open, form closes at capacity, selected partners sign agreement. Application status/current reopen confirmation: [bitcraftonline.com / application](https://bitcraftonline.com/application) ; contact: [bitcraftonline.com / source](https://bitcraftonline.com/source)

## 106. Invokers Insiders (Titan Legacy)

Secondary route: check niche, actual workload and eligibility.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.
- **Phone:** Likely doable on a phone with files/links ready; not device-tested.
- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current application URL (loads):** [docs.google.com / source](https://docs.google.com/source)
- **Visible questions/requirements:** Intro states applicants must be over 18 and confirms they have fully read and understood the Code of Conduct and Invokers Insiders Agreement (terms may change). One visible required question: "Tell us a little bit about yourself and why you're interested in becoming an Invokers Insider".
- **Social accounts:** Form does not name specific social-account platforms in visible text. Official programme describes creator tiers in channel subscribers and weekly Invokers videos/streams. YouTube: video channel is compatible in general, but not explicitly named in the visible application/platform options. LinkedIn: no evidence it counts as a creator channel or accepted account; not specified.
- **Alternative route:** Official creator page [invokers.com / source](https://invokers.com/source) is live and explains the program; no separate public contact or alternate application route surfaced. Current original form loads, so not DEAD.

- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current join URL (loads):** [creators.my.games / source](#) is an informational entry page. The actual Join form is in the creator dashboard and requires MY.GAMES login/account; no account created. Site says complete one Join form per game, and applications/eligibility differ by game.
- **Questions/fields:** No logged-out form questions visible. Public page says form collects information about applicant and channels, and asks creators to link channels. Official FAQ says MY.GAMES account login supplies account details; per Rush Royale rules, YouTube or Twitch must be connected to the site. Avoid extrapolating that to every game.
- **Social accounts:** Game-specific. YouTube: explicitly supported; for Rush Royale, YouTube or Twitch account is required to connect, TikTok can be a supported rewards platform but is not enough on its own to connect there. LinkedIn: not cited as a supported creator platform and no general programme confirmation. Official Rush Royale rules: [creators.my.games / source](#)
- **Alternative route:** [influencers@my.games](mailto:influencers@my.games) for questions/support or to ask about a MY.GAMES game missing from the Join form; official join FAQ specifies English where possible. Source: [creators.my.games / source](#); general program: [creators.my.games / source](#)

How would you describe our products in a fun and engaging way?" Optional field: "Is there anything else you'd like us to know about you and why you'd make a great Papa Mountain ambassador?" Social Media username is generic: platform(s) not specified, so neither LinkedIn nor YouTube can be confirmed. "Contact form owner" available on form; no separate brand email found in excerpt.

- **Time estimate:** 10-20 min.
- **Phone:** Likely doable on a phone with files/links ready; not device-tested.
- **Pay/value:** Older-guide claim, NOT independently rechecked here: per post, or commission, or hybrid.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **Current job page:** [talent.creatorland.com / source](https://talent.creatorland.com/source) loads. Deadline displayed: Oct 31, 2026. "Apply Now" requires a Creatorland account; signup route [creatorland.com / source](https://creatorland.com/source) loads with Google or email signup. No account created.
- **Visible signup fields:** Creatorland signup says "Email address," with "CONTINUE WITH EMAIL"; or "CONTINUE WITH GOOGLE." Further application fields are behind sign-in and not visible.
- **Application materials explicitly requested in listing:** share health/fitness content examples; include a media kit or screenshot of current audience demographics and engagement rates; state preferred compensation model (pay per post, commission, or hybrid). These are directions, not verbatim form-field labels.
- **Social accounts:** Job platform tags show Instagram and TikTok; promotional headline says "TikTok, Instagram, YouTube" and calls out "5K+ Followers On TikTok & Instagram." Thus **TikTok and Instagram are the listed target accounts; YouTube is mentioned in the headline but not included in the job's platform chips, so its acceptance is ambiguous. LinkedIn is not listed.** There is an internal inconsistency: headline says 5K+

TikTok/Instagram followers, while body says "Any follower count welcome."

- **Alternative:** Apply Now through Creatorland; no brand direct-email application route shown. Creatorland general contact is info@creatorland.com, but it is not described as an alternate application.

**Evidence links:** Each current page, live form path and official support/contact route is directly linked in the relevant section above. No route was marked DEAD: the named pages loaded; certain signup/application forms are account- or app-gated as noted.

- Current listing (live page; structured listing posted 20 Sep 2026, valid through 19 Oct 2026): [www.backstage.com / source](https://www.backstage.com/source) . Related child role listing: [www.backstage.com / source](https://www.backstage.com/source) . Official Backstage JSON-LD identifies U.S. applicant-location requirement; excerpt says 18+ and Backstage account, but I did not reach its interactive apply flow.
- Exact application questions: not exposed by page fetch/search. Applying is via Backstage, so account likely required (as guide says); form may be behind sign-in. Listing says shortlisted creators complete a \$25 paid audition; rates/scope agreed before each batch. This is NOT dead.
- Social: Listing does not state social accounts are required/accepted; application details hidden. Neither LinkedIn nor YouTube expressly confirmed.

- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- The excerpt URL [book.soonaco.co / source](https://book.soonaco.co/source) loads only an unsupported-browser error, not a dead-program indication. Current official application entry/landing page: [soona.co / source](https://soona.co/source) (public page says "BECOME A UGC CREATOR" and explains apply/trial/review). Official current help directs applicants here and explains account registration: [support.soonaco.co / source](https://support.soonaco.co/source) . Detailed creator guide: [support.soonaco.co / source](https://support.soonaco.co/source) .

- Account gate: yes. The guide says sign up with Google or enter name, email, password (min 8 chars), then question "Who are you applying for?" with "Myself" option. Choose job type "UGC content creator"; then profile asks for photo/headshot, birthday, gender, address, PayPal email; optional links; upload 3-6 samples. These are guide labels/instructions, not verbatim questions apart from quoted question. Profile/most controls are after account creation; not inspected.
- Country: correction to excerpt: June 2026 official support list of non-US accepted countries is Netherlands, Belgium, Spain, Germany, Denmark, Australia, Italy, Sweden; UK not listed, so UK acceptance is not supported by current stated list. US is described separately as eligible.
- Social: optional profile links specifically TikTok, Instagram, YouTube, website. YouTube counts (optional); LinkedIn not mentioned. (Potential conflict in current help: new sign-up page vs older 2026-06-22 guide that says UGC creators can be US-only and lists select other countries; neither lists UK.)

Embedded Growi application appears at [growi.io / source](https://growi.io/). Growi page exposes field sections, not full controls, and defaults/example text. No account creation required just to view this page; submit action not taken.
- Exact visible form text: section "About you"; sample labels "First name", "Last name", "Email" (example Richard/Hendricks/name@example.com); section "Where you post" with instruction "Instagram and TikTok are required. Add more handles only if you post from several accounts."; section "Shipping address"; "Country \*" currently displays "United States US". Other fields/submit controls not rendered by fetch.
- Social: Instagram AND TikTok required. Growi generally supports other social account types, but that does not establish this specific campaign accepting them. YouTube and LinkedIn not identified in this form.
- Alternate: official storefront contact form at [iwannasleep.com / source](https://iwannasleep.com/) (fields Name, Email, Phone number, Comment) but not presented as a creator application alternative. (This will help us match you with the best games)"; "What's your main reason for joining our Program?"; "On average, how many pieces of new content do you publish per week?"; "Are you currently affiliated with any other creator programs?"; "Are you over 18 years old"; "Anything else you'd like to ask or share?"
- **Socials:** asks social handles; primary platform optional. LinkedIn/YouTube: platform choices not visible; gaming creator program, not stated as accepted.

- **Other route:** form only found; 48-hour reply claim on form.

## 135. Social Cat

Hold before spending application time: resolve fit or route first.

- **Deadline/status:** No application deadline verified; recheck before applying.
- **Time estimate:** 10-20 min.
- **Phone:** Likely doable on a phone with files/links ready; not device-tested.
- **Pay/value:** No fixed cash fee independently established in this consolidation. Get the real offer; the original tier/headline is not a guarantee.
- **Evidence:** 4 October audit. Exact fields below are only the visible portion unless stated otherwise; hidden questions and unspecified platforms are NOT verified.
- **URL/status:** [app.thesocialcat.com](http://app.thesocialcat.com) / [source](#) - loads page title "Social Cat | Connecting brands and micro influencers", but registration fields not rendered.
- **Questions:** none visible.
- **Socials:** excerpt says connect socials, but specifics not independently verified. LinkedIn/YouTube: unknown.
- **Other route:** registration page only.

## Contradictions and gaps to keep in view

- **GenieAI:** legal AI. \$260 is per accepted video against an approved concept, monthly payout, not merely posting any video.
- **Riverside:** the Monday creator form is the verified route. The enterprise form is not a creator application substitute.
- **Cline:** LinkedIn AND X profiles required. YouTube accepted for content, not a replacement for required profiles. No impressions field or guaranteed paid partner offer.
- **HeyOz:** both channels count, but the guide describes tool/clone perks, not cash.
- **soona:** UK absent from the recorded accepted non-US country list. Do not claim UK support.
- **Jem Social:** explicit closed text takes precedence over badges/December 31 metadata for this campaign.
- **Zing Coach:** recorded terms distinguish up to 15% for individual creators from up to 30% for corporate partners.
- **Pallo:** \$300/month versus \$20/video plus CPM remains unresolved. **Speekly:** EUR30 versus EUR50 minimum claims unresolved. Neither is an established offer here.
- **JAYD:** no-follower-minimum FAQ conflicts with a form asking whether you exceed 2,000. That question alone is not proof of a hard rejection rule.
- **AI Cal:** 5K+ headline conflicts with "any follower count welcome". YouTube headline versus platform chips is ambiguous.
- **Hollister/Abercrombie:** UK and US-confirmation routes are different. Optional YouTube field does not replace the IG/TikTok follower gate.
- **Skinity:** redirect to Le Célaire and inconsistent copy leave identity unverified. Do not provide personal/account data until independently confirmed.
- **Puradoro/Dr Purejoie:** newsletter fields are not application forms. **Outflits:** cited form missing. **Atlas Cloud:** cited programme 404; sales contact is not a replacement application.
- Generic social-link fields, "Other" choices and footer logos do not prove LinkedIn or YouTube satisfies an account gate. Each entry preserves that distinction.

## Evidence and next step

Each detail section contains exact recorded source/application URLs, visible questions, platform rules and alternatives. The supplied audit checked these on 4 October; fresh official-page checks supplemented the strongest paid leads and date caveats. Rates, eligibility or workload pulled only from the older guide are labelled as unverified older-guide claims. Hidden fields were not invented.

Re-open the actual application before acting, check remaining questions, and confirm eligibility and contract terms. Nothing here authorizes submission, external messages, public posting, account creation or agreeing to content-use terms.
